Mr. William Bown
Utah Building Stone Supply

West Bountiful, UT 84087

Dear Mr. Bown:

On May 28, 1999, Utah Building Stone Supply (UBSS) had established a Record of Noncompliance for constructing an unauthorized "privy" on the Dove Creek mill site and for UBSS's failure to stockpile topsoil at the mill site located in Section 12, T. 12 N., R. 15 W. (UMC 364712). All operators who have established a Record of Noncompliance must submit a Plan of Operations and post a 100% reclamation bond with the Bureau of Land Management (BLM) for all existing and subsequent operations that would otherwise be conducted under a Notice.

At the present time, UBSS has an active Notice to mill at the Enterprise mill site located in Section 31, T. 13 N., R. 13 W. (Case file U-72297) and an active Notice to mine at the Fisher Creek quarry, located in Section 8, T. 13 N., R. 13 W. (Case file U-72287). Mining and milling activities at these two locations must be suspended until UBSS has submitted a Plan of Operations, the BLM has approved the Plan, and UBSS has posted a 100% reclamation bond with the BLM for continued operations at the sites. If UBSS chooses to cease operations at the Enterprise and Fisher Creek sites, and not file a Plan of Operations as required, these areas must be reclaimed immediately.

Please be advised that if UBSS chooses to continue operating at the Enterprise mill site and Fisher Creek quarries without first submitting and having approved a Plan of Operations and posting a bond for 100% of the cost of reclamation, UBSS will be enjoined from the continuation of such operations by a court order.

We have enclosed a Plan of Operations form for your use. If you have any questions, or require additional information, please feel free to contact Michael Ford of my staff at (801) 977-4360.

Sincerely,

LEON E. BERGGREN
